[Region III Rev. Order G-2 Under MPR 230]

#### MILK IN CLEVELAND REGION

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region III of the Office of Price Administration by § 1351.617a of Maximum Price Regulation No. 230, it is hereby ordered:

(a) *What this order does.* This order fixes the maximum prices which may be received by any handler (as hereinafter defined) of fluid milk bought from producers, associations of producers or other handlers, and sold for human consumption in bulk (other than in glass or paper containers) to any person, other than stores, hotels, restaurants and institutions. It also fixes said maximum prices as the prices which may be paid for such fluid milk in the course of trade or business, by the buyer, other than stores, hotels, restaurants and institutions.

(b) *Determination of maximum prices.* On or after the effective date of this order, regardless of any contract, agreement or other obligation, no handler shall sell or deliver, or agree to sell or deliver, fluid milk in bulk (other than in glass or paper containers) bought from producers, associations of producers, or other handlers, to any person other than stores, hotels, restaurants, and institutions, and no such person shall in the course of trade or business, buy or agree to buy such fluid milk from any such handler at prices higher than those established by this order.

(1) *Primary handlers.* (i) Subject to the limitations set forth in subsection (3) of this section (b) the maximum price at which a primary handler may sell such milk shall be the total of the following amounts:

(a) The purchase price of said milk adjusted to that of milk of 3.5% butterfat content, by

(1) Adding to the price actually paid therefor the sum of 5¢ for each 1/10 of 1% by which the butterfat content of such milk is less than 3.5%, or

(2) Deducting from the price actually paid therefor the sum of 5¢ for each 1/10 of 1% by which the butterfat content thereof exceeds 3.5%.

(b) A handling charge, applicable to the particular sale, determined as follows:

(1) Not to exceed 45 cents per cwt. exclusive of standardization, pasteurization, and transportation charges hereinafter set forth, when such milk is delivered into containers of a capacity greater than 10 gallons, including tank trucks, or tank cars.

(2) Not to exceed 50 cents per cwt. exclusive of standardization, pasteurization, and transportation charges hereinafter set forth, when such milk is delivered into containers of 10 gallons capacity or less provided by the purchaser.

(3) Not to exceed 55 cents per cwt. exclusive of standardization, pasteurization and transportation charges hereinafter set forth, when such milk is delivered into containers of 10 gallons capacity or less provided by the seller.

(ii) In the event that the butterfat content of fluid milk sold by a primary handler varies from 3.5%, the primary handler shall adjust the maximum price thereof as determined in paragraph (i) of this subsection (b) (1) by applying the following butterfat differential:

(a) The addition of 6¢ for each 1/10 of 1% by which the butterfat content thereof exceeds 3.5%.

(b) The deduction of 5¢ for each 1/10 of 1% by which the butterfat content thereof is less than 3.5%.

(2) *Secondary handlers.* (i) Subject to the limitations set forth in subsection (3) of this section (b) the maximum price at which a secondary handler may sell fluid milk shall be the total of the following amounts:

(a) The price which such secondary handler actually paid for such fluid milk in no event to exceed the maximum price provided by subsection (1) of this section (b), adjusted by the required

butterfat differential set forth in paragraph (ii) of this subsection (b) (2)

(b) A handling charge not exceeding 20¢ per cwt. exclusive of standardization, pasteurization and transportation charges hereinafter set forth.

(ii) The following butterfat differential shall be applicable only in the event that the butterfat content of milk sold by a secondary handler varies from the butterfat content of said milk at the time of the purchase:

(a) For each 1/10 of 1% by which the butterfat is increased on resale, 6¢ may be added.

(b) For each 1/10 of 1% by which the butterfat content is decreased on resale, 5¢ shall be deducted.

Butterfat content	Delivered into containers of more than 10-gallon capacity, including tank trucks and tank cars	Delivered into buyer's containers of 10-gallon capacity or less	Delivered into seller's containers of 10-gallon capacity or less
3.5 percent	\$3.85	\$3.80	\$3.85
Less than 3.5 percent	\$3.85 less 5 cents for each 1/10 of 1 percent under 3.5 percent butterfat content.	\$3.80 less 5 cents for each 1/10 of 1 percent under 3.5 percent butterfat content.	\$3.85 less 5 cents for each 1/10 of 1 percent under 3.5 percent butterfat content.
More than 3.5 percent	\$3.85 plus 6 cents for each 1/10 of 1 percent over 3.5 percent butterfat content.	\$3.80 plus 6 cents for each 1/10 of 1 percent over 3.5 percent butterfat content.	\$3.85 plus 6 cents for each 1/10 of 1 percent over 3.5 percent butterfat content.

(4) *Weighted average.* Where milk is purchased at different prices, and/or of different butterfat content, and is thereafter commingled, the weighted average, both as to purchase price and as to butterfat content, shall be used in calculating maximum resale prices under this section (b)

(5) *Standardization charge.* In the event a handler standardizes milk to a uniform butterfat content, 5¢ per cwt. may be added to the maximum prices set forth above, in addition to any other charges permitted hereby. Such additional charge for standardization shall be separately stated on the invoice.

(6) *Pasteurization charge.* In the event a handler pasteurizes milk by a recognized pasteurizing process, 15¢ per cwt. may be added to the maximum prices set forth above, in addition to any other charges permitted hereby. *Provided,* That no pasteurization charge shall be added for pasteurization by the process commonly known as "flash" pasteurization. Such additional charge for pasteurization shall be separately stated on the invoice.

(7) *Limitation on standardization and pasteurization charges.* No handler may add a charge for a second standardization or pasteurization; if a charge for that particular service has been added by a prior handler. In other words, not more than one standardization and one pasteurization charge shall be added to the maximum prices herein established.

(8) *Transportation charge.* In the event that a handler delivers fluid milk to a place designated by the purchaser, transportation charges may be added to the maximum prices set forth above in addition to any other charges permitted hereby. Such transportation charges shall, in no event, exceed:

(i) When by common carrier, the lowest available common carrier rate.

(ii) When by contract carrier, the lowest available contract carrier rate.

(3) *Provided, however* That in no event shall the total of all handling charges, exclusive of standardization, pasteurization and transportation charges hereinafter set forth, exceed 65 cents per cwt. for milk delivered into containers of a capacity greater than 10 gallons including tanktrucks or tankcars, 70 cents per cwt. for milk delivered into containers of 10 gallons capacity or less provided by the purchaser or 75 cents per cwt. for milk delivered into containers of 10 gallons capacity or less provided by the seller, nor shall the maximum price, exclusive of such charges, for any fluid milk sold by either a primary or secondary handler, exceed the following:

(iii) When by the seller's own equipment, the highest lawful rate for such service under any applicable maximum price regulation or order. Such charges for transportation shall be separately stated on the invoice.

(9) *Prohibition against payment of bonus.* The purchase price to which the handling, standardization, and pasteurization charges set forth above may be added, shall in no event include any bonus or additional payments, based upon quality, quantity, special equipment or any other special consideration.

(10) *Skim milk.* *Provided,* That the maximum price at which any handler shall sell or deliver Skim milk shall not exceed \$1.20 per cwt., f. o. b. selling point without any additional charge for pasteurization, standardization or delivery into containers, regardless of whether such containers are furnished by the seller or purchaser.

(c) *Definitions.* As used in this order, the following definitions shall apply:

(1) "Fluid milk" means liquid cow's milk sold or resold for human consumption in fluid form.

(2) "Handler" means any person, firm or corporation who, on his own behalf or on behalf of another, purchases fluid milk from any producer, association of producers, or other handler, and who sells such fluid milk at wholesale in bulk (other than in glass or paper containers) to any person, firm or corporation other than stores, hotels, restaurants and institutions.

(i) A producer is a "handler" with respect to that fluid milk purchased by him from any producer, association of producers, or other handlers, which fluid milk is sold by him at wholesale in bulk (other than in glass or paper containers) to any person other than stores, hotels, restaurants and institutions.

(ii) A farmers' cooperative association is a "handler" with respect to that fluid milk processed for it by any operator

of a receiving or processing plant, and with respect to that fluid milk handled in physical facilities for receiving, processing or distributing fluid milk which are owned or leased by the cooperative, which fluid milk is sold by it at wholesale in bulk (other than in glass or paper containers) to any person other than stores, hotels, restaurants and institutions.

(3) A "primary handler" of fluid milk is a handler who purchases or receives fluid milk from any producer at a receiving station or processing plant within Region III. Such handler shall use the pricing provisions of paragraph (b) of this order governing primary handlers only with respect to that fluid milk to which he performs a function of a primary handler.

(4) A "secondary handler" of fluid milk is a handler who purchases or receives fluid milk from another handler for resale at wholesale in bulk to persons other than stores, hotels, restaurants and institutions. Such a handler shall use the pricing provisions of paragraph (b) governing secondary handlers only with respect to that fluid milk to which he performs a function of a secondary handler.

(5) "Person" means individual, corporation, partnership, association or other organized group of persons or the legal successor or representative of any of the foregoing and includes the United States or any agency thereof, any other government or any political sub-division and any agencies of the foregoing.

(6) "Standardization" for the purposes of this order, shall mean the addition of skim milk or cream to milk, or the commingling of milk and the determination of the butterfat content of the resulting product, regardless of whether the butterfat content thereof is brought to a predetermined percentage.

(7) "Skim milk" is the product resulting from the removal of a sufficient portion of the butterfat from whole milk to reduce the butterfat content thereof below the legal minimum required for approved fluid milk.

(8) Unless the content otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942, as amended, in the General Maximum Price Regulation and Maximum Price Regulation No. 280, issued by the Office of Price Administration, shall apply to other terms used herein.

(d) *Invoices.* Every handler making a sale of fluid milk shall render to the purchaser an invoice showing separately the purchase price of said milk determined as herein provided, the butterfat content thereof and the handling charge added to the purchase price under the provisions of section (b) hereof.

(e) *Geographical applicability.* This order shall apply to all sales of fluid milk, first physically received from producers by any handler at a receiving station or processing plant within the States of Indiana, (except the County of Lake) Ohio, Michigan, Kentucky and West Virginia.

(f) *Relation to Agricultural Marketing Act of 1937.* This order shall not be construed as amending, modifying, revoking or repealing any order, agreement or license issued pursuant to the Agricultural

Marketing Agreement Act of 1937, and in the event of any conflict between this order or any of the provisions thereof, and any such order, agreement, or license, or any of the provisions thereof, the provisions of such order, agreement or license shall prevail over those of this order.

(g) *Evasion.* The price limitations set forth in this order shall not be evaded either directly or indirectly by any scheme or device, or by any practice which is used to get the effect of a higher than maximum price. The prices established by this order are maximum prices for the commodities and all services ordinarily rendered in connection with the sale of the commodities. Therefore, you may not charge any additional amounts for any services ordinarily connected with the sale of these commodities.

(h) *Licensing.* The provisions of Licensing Order No. 1 licensing all persons who make sales under price control, shall apply to every seller subject to the provisions of this order. Those sections provide in brief that a license is required of all persons selling commodities for which ceiling prices are established. The license is automatically granted and it is not necessary to apply for the license. Such license may be suspended for violation in connection with the sale of any commodity for which ceiling prices are established.

No person, whose license is suspended, may sell any such commodity during the period of suspension.

(i) *Enforcement.* On and after the effective date of this order, any person who sells at a price higher than the maximum price permitted by this order, or otherwise violates any of the provisions of this order, shall be subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended. In addition, any person who, in the course of trade of business, buys at a price higher than the maximum price permitted by this order, is subject to criminal penalties and civil enforcement actions provided for by such act.

(j) *Revocability.* This order may be revoked, amended or corrected at any time by the Office of Price Administration.

This order shall become effective January 6, 1945.

[Roanoke Rev. Order G-1 Under Gen. Order]  
MALT AND CEREAL BEVERAGES IN ROANOKE,  
VA., DISTRICT

For the reasons set forth in an opinion issued simultaneously herewith, and un-

der the authority vested in the District Director of the Roanoke (Virginia) District Office of Region IV of the Office of Price Administration by General Order No. 50, issued by the Administrator of the Office of Price Administration, and Region IV Revised Delegation Order No. 17, issued May 5, 1944; *It is hereby ordered* Subject to Supplementary Order No. 49 (issued April 2, 1943, 8 F.R. 4325) that Roanoke (Virginia) District Order No. G-1 under General Order No. 50, with appendix A thereto, issued July 12, 1944, be, and it hereby is amended so as to read in full as follows:

**Section 1. Purpose of order.** Order No. G-1 under General Order No. 50 issued by the District Director of the Roanoke (Virginia) District Office of the Office of Price Administration on the 12th day of July, 1944, was issued for the purpose of establishing specific maximum prices for malt and cereal beverages, including those commonly known as ale, beer, and near-beer, either in containers or on draught when sold or offered for sale at retail by any eating or drinking establishment, either for consumption on the premises or when carried away. Order No. G-1 under General Order 50 is redesignated Revised Order No. G-1 under General Order No. 50 and is revised and amended as herein set forth and issued for the same purpose and for the further purpose of clarifying and strengthening the order.

**Sec. 2. Geographical applicability.** The provisions of this order extend to all eating and drinking places or establishments located within the limits of the following named counties of the State of Virginia:

Alleghany, Amherst, Appomattox, Arlington, Augusta, Bath, Bedford, Bland, Botetourt, Buchanan, Campbell, Carroll, Charlotte, Clarke, Craig, Dickenson, Fairfax, Fauquier, Floyd, Franklin, Frederick, Giles, Grayson, Halifax, Henry, Highland, Lee, Loudoun, Montgomery, Nelson, Pittsylvania, Page, Patrick, Prince William, Pulaski, Rappahannock, Roanoke, Rockbridge, Rockingham, Russell, Scott, Shenandoah, Smyth, Tazewell, Warren, Washington, Wise, and Wythe.

together with all cities, municipalities and towns located therein and all cities, municipalities and towns located within the limits of the Roanoke District, including the city of Alexandria, Virginia, but excluding the city of Bristol, Virginia.

**Sec. 3. Ceiling prices.** (a) On and after January 1, 1945, if you operate an eating or drinking establishment, you may not sell or offer for sale any beverage subject to this order at prices higher than the applicable ceiling prices listed in the appendix hereof. You may, of course, charge lower prices at any time.

(b) If you sell any beverage subject to this order which is not specifically listed herein, and if you believe that the maximum price specified herein for such beverage is not appropriate to such beverage, you may make application to the Roanoke (Virginia) District Office of the Office of Price Administration requesting that such beverage be specifically in-

cluded in the appendix hereof. With or without such application, the Roanoke (Virginia) District Office of the Office of Price Administration, may, at any time, and from time to time, add to or delete from the lists set forth in the appendix hereof, certain beverages, brands, types or sizes together with maximum prices for same.

(c) You may not add any taxes to your ceiling prices set forth in the appendix hereof except those specifically provided therein, as all other taxes were taken into consideration in establishing the ceiling prices for each group of sellers.

#### SEC. 4. How to figure your ceiling prices.

(a) This order divides eating and drinking establishments into three different groups and gives each group a different ceiling price. The group to which you belong depends on your legal ceiling prices in effect during the base period of April 4-10, 1943. You must figure the group to which you belong on the basis of your correct legal ceiling prices for that period.

(b) The group to which you belong depends on your legal ceiling prices for the beverages subject to this order in effect during the base period of April 4-10, 1943. If your legal ceiling prices for various brands and types of beverages subject to this order vary so that your ceiling prices on some brands or types seem to place you in one particular group and ceiling prices on others seem to classify you into a different group, you must classify yourself into the particular group representative of the prices at which the greater number of your sales were made.

For the purpose of determining your classification as herein provided, consideration may be given to sales of beverages listed in Appendix A. You must figure the group to which you belong as follows:

(1) Group 1-B. Your establishment belongs to Group 2-B if, during the base period of April 4-10, 1943, your legally established ceiling prices for beverages subject to this order were the same as, or more than, the prices listed in Appendix A hereof for Group 1-B establishments.

(2) Group 2-B. Your establishment belongs to group 2-B if, during the base period of April 4-10, 1943, your legally established ceiling prices for beverages subject to this order were the same as, or more than, the prices listed in Appendix A hereof for Group 2-B establishments, but were less than those provided in Appendix A for Group 1-B establishments.

(3) Group 3-B. Your establishment belongs to Group 3-B if, during the base period of April 4-10, 1943, your legally established ceiling prices for beverages subject to this order were less than the prices listed in Appendix A hereof for Group 2-B establishments. All establishments not in operation during the base period of April 4-10, 1943, and all establishments which begin operating after the effective date of this order also belong to Group 3-B.

(c) If your eating or drinking establishment was not in operation during the base period of April 4-10, 1943, but was

in operation prior to the effective date of this order, and, if the nearest similar eating or drinking establishment of the same type is one which is properly classified in Group 1-B or Group 2-B, you may but not later than the first day of February 1945, file an application in triplicate with the Roanoke (Virginia) District Office of the Office of Price Administration, requesting that your establishment be reclassified into the same group to which its nearest similar eating or drinking establishments of the same type belongs. Until your application is acted upon, and unless your establishment is reclassified, it must retain the classification of a Group 3-B seller, and must observe the ceiling prices as provided for that group in the appendix hereof. All such applications for reclassification must contain the following information:

1. Name and address of the establishment and of its owner or owners.

2. A description of the establishment showing its type (such as night club, hotel, restaurant, tavern) and the date it began operating.

3. The selling prices by brand name of all beverages sold since the beginning of its operation.

4. The names of the three nearest eating and drinking establishments of the same type, and their group number as determined under this order.

5. Any other information pertinent to such application or which may be requested by the Office of Price Administration.

(d) If your eating and drinking establishment begins operation after the effective date of this order, you are classified as a Group 3-B seller and may not sell or offer for sale beverages subject to this order at prices higher than those set forth for Group 3-B sellers in the appendix hereof. However, if your nearest eating and drinking establishment of the same type is one which is properly classified as a Group 1-B or Group 2-B seller, you may, within and not later than 30 days from the time you begin operating, file an application with the Roanoke (Virginia) District Office, requesting that your establishment be reclassified into the same group in which its nearest eating and drinking establishment of the same type belongs. Until your application is acted upon and unless your establishment is reclassified, it must retain the classification of Group 3-B and must observe the ceiling prices as provided for that group in the appendix hereof. All such applications for reclassification must contain the same information required by paragraph (c) of this section.

(e) After you have figured your proper group number under this section and have filed the required statement with your War Price and Rationing Board as provided in section 5, you may not change your group classification except as otherwise provided by this order.

SEC. 5. Filing with War Price and Rationing Board. (a) When you have figured your proper group under section 4 above, you must, on or before January 15, 1945, file with your War Price and Rationing Board a signed statement with the name and address of your establishment, its type (such as night club, hotel, restaurant, tavern) and the group to

which it belongs. Thereupon the War Price and Rationing Board will send you a card bearing your group number. If you begin operating your establishment after the effective date of this order, you must likewise file said signed statement in this manner as soon as you begin operating.

(b) If you do not file the signed statement showing the group number to which you belong as provided in paragraph (a) above, you are hereby classified as a Group 3-B seller and you may not sell or offer for sale any beverage subject to this order at prices higher than the applicable ceiling prices listed for Group 3-B sellers in the appendix hereof. Failure to file said signed statement as herein provided is a violation of this order and also subjects you to the other penalties herein provided.

SEC. 6. Modification of prices. After you have determined your group and have put into effect the ceiling prices provided in this order for that group, the Officer of Price Administration District Director for the District in which your establishment is located may direct you to charge lower ceiling prices:

(a) If, on the basis of your April 4-10, 1943 legal ceiling prices, this order, properly applied, requires you to be placed into a group with lower ceiling prices.

(b) If, as a result of speculative, unwarranted, or abnormal increases, contrary to the purpose of the Emergency Price Control Act, as amended, your legal ceiling prices on April 4-10, 1943, were excessive in relation to the legal ceiling prices of other comparable establishments in the District.

SEC. 7. Exempt sales. The following sales are exempt from the operation of this order. However, unless they are otherwise exempt from price control, they shall remain subject to the appropriate maximum price regulation or order:

(a) Sales by persons on board common carriers (when operated as such), including railroad dining cars, club cars, bar cars, and buffet cars, or sales otherwise governed by Restaurant Maximum Price Regulation 1 (dining car regulation).

(b) Sales by public and private hospitals insofar as they serve to patients.

(c) Sales by eating cooperatives formed by members of the Armed Forces (as, for example, officers' mess) operated as a non-profit cooperative (where no part of the net earnings inures to the benefit of any individual) which sells food items or meals on a cost basis (or as near thereto as reasonable accounting methods will permit), and substantially all sales of which are made to members of the Armed Forces who are members of the cooperative.

(d) Sales where the beverages subject to this order are included in, and sold as part of, a meal and where the price of such beverages is included in the price of the meal. (Such sales remain under Restaurant Maximum Price Regulation 2.)

(e) Sales by the War Department or the Department of Navy of the United States through such Departments' sales

stores, including commissaries, ships' stores ashore, and by stores operated as army canteens, post exchanges, or ships' activities.

(f) Bona fide private clubs insofar as such clubs sell only to members or bona fide guests of members. Whenever such clubs sell to persons other than members or bona fide guests of members, such clubs shall be considered for all sales an eating or drinking establishment and subject to this order. No club shall be considered to be exempt as a private club, within the meaning of this subparagraph, unless such club is a non-profit organization and is recognized as such by the Bureau of Internal Revenue and unless its members pay dues (more than merely nominal in amount) are elected to membership by a governing board, membership committee or other body, and unless it is otherwise operated as a private club.

No club organized after the effective date of this order shall be exempt unless and until it has filed a request for exemption with the District Office of the Office of Price Administration of the area in which it is located, furnishing such information as may be required, and has received a communication from such office authorizing exemption as a private club.

**SEC. 8. Evasion.** If you are an operator of an eating or drinking establishment you must not evade the ceiling prices established by this order by any type of scheme or device; among other things (this is not an attempt to list all evasive practices) you must not:

(a) Institute any cover, minimum, bread and butter, service, corkage, entertainment, checkroom, parking or other special charges which you did not have in effect on any corresponding day during the seven-day period from April 4-10, 1943, or

(b) Increase any cover, minimum, bread and butter, service, corkage, entertainment, checkroom, parking or other special charges which you did have in effect on any corresponding day during the seven-day period from April 4-10, 1943, or

(c) Require as a condition of sale of a beverage the purchase of other items or meals, except that during the hours from 11:30 a. m. to 1:30 p. m. and the hours from 6:00 p. m. to 8:00 p. m., any eating or drinking establishment which derives not less than 70% of its gross revenue from the sales of prepared food items (not including beverage items) sold for consumption on the premises may refuse to sell beverages subject to this order for consumption on the premises during those hours to persons who do not also purchase food items.

**SEC. 9. Records and menus.** If you are an operator of an eating or drinking establishment subject to this order you must observe the requirements of General Order 50, as well as Restaurant Maximum Price Regulation No. 2, either as revised and amended or as may be revised and amended, with reference to the filing and keeping of menus and the preservation and keeping of customary and future records. Among other provisions

of General Order 50, are the following:

(a) Preserve all existing records relating to prices, cost and sales of food items, meals and beverages;

(b) Continue to prepare and maintain such records as have been ordinarily kept;

(c) Keep for examination by the Office of Price Administration two copies of each menu used by the establishment each day, or a daily record in duplicate of the prices charged for food items, beverages and meals. If the establishment has customarily used menus, it must continue to do so.

**SEC. 10. Posting of prices.** If you are an operator of an eating or drinking establishment you must post and keep posted, the ceiling prices of the beverages subject to this order sold by your establishment, either by:

(a) Supplying the customers menus or bills of fare showing the beverages subject to this order which are sold by the establishment; and showing the brand name, quantity and ceiling price of each kind and type of bottled beverage, and the quantity and ceiling price of all beverages sold on draught, or

(b) Posting a sign giving the same information as required on menus or bills of fare by paragraph (a) above. Such a sign must be posted in the establishment at a place where it can easily be read by the customers. If you prefer you may use a similar sign furnished by the Office of Price Administration.

(c) No establishment which fails to comply with the posting requirements of this section may sell any beverage subject to this order at a higher price than provided for Group 3-B sellers in the appendix hereof during such time as such establishment is not in compliance with this section.

**SEC. 11. Posting of group number.** (a) If you operate an eating or drinking establishment selling at retail beverages subject to this order you must post, and keep posted, in the premises a card or cards clearly visible to all purchasers showing the group number of your establishment as classified under this order. The card must read "OPA-1-B," "OPA 2-B," or "OPA 3-B," whichever is applicable.

You may use the card or cards furnished you for this purpose by the War Price and Rationing Board.

(b) No establishment which fails to comply with the posting requirements of this section may sell any beverage subject to this order at a higher price than provided for Group 3-B sellers in the appendix hereof during such time as such establishment is not in compliance with this section.

**SEC. 12. Receipts and sales slips.** Regardless of whether or not receipts have customarily been issued, upon request by any customer at the time of payment, a receipt containing a full description of the beverage sold and the price of same must be issued. Such receipts must show the date of issue and bear the signature of the person issuing same. If you have customarily issued receipts or sales slips,

you may not now discontinue the practice.

**SEC. 13. Operation of several places.** If you own or operate more than one place selling beverages subject to this order, you must do everything required by this regulation for each place separately.

**SEC. 14. Enforcement.** If you violate any provision of this regulation you are subject to the criminal penalties, civil enforcement actions, suits for treble damages and proceedings for suspensions of licenses, provided for by the Emergency Price Control Act of 1942, as amended.

**SEC. 15. Licensing.** The provisions of Licensing Order No. 1 licensing all persons who make sales under price control, are applicable to all sellers subject to this order. If you are a seller subject to this order your license may be suspended for violation of the license or of the order. If your license is suspended you may not, during the period of suspension, make any sale for which your license has been suspended.

**SEC. 16. Relation to other maximum price regulations.** This order supersedes the provisions of Restaurant Maximum Price Regulation No. 2 and the General Maximum Price Regulation insofar as such provisions were applicable to sales at retail by eating and drinking establishments of beverages subject to this order. Sales of beverages subject to this order when sold as part of a meal and when the price of same is included in the price of the meal remains subject to the provisions of Restaurant Maximum Price Regulation No. 2.

**SEC. 17. Definitions.** (c) "Malt beverage" is any malt beverage produced either within or without the Continental United States, and includes those commonly designated as beer, lager beer, ale, porter and stout.

mediate consumption on the premises are specifically excluded from this definition.

(g) "Other definitions." Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942, as amended, and in § 1499.20 of the General Maximum Price Regulation, shall apply to the other terms used herein.

SEC. 18. *Transfers of business or stock in trade.* If the business assets, or stock in trade of any establishment are hereafter sold or otherwise transferred, or have been sold or transferred subsequent to April 10, 1943, and the transferee carries on the business or continues to sell malt beverages covered by this order in the same location, the maximum prices of the transferee shall be the same as those to which its transferor would have been subject if no such transfer had taken place, and its obligations to keep records sufficient to verify such prices shall be the same. The transferor shall either preserve and make available or turn over to the transferee all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the record-keeping requirements of this order.

If there is a lapse of business operations in connection with such a transfer for a period of sixty days, selling prices shall be determined as provided in Section 4 for a new seller.

SEC. 19. *Changes in location.* If any establishment is hereinafter moved to a new location, the establishment shall be considered a new seller under this order and shall determine its ceiling prices under the provisions of section 4.

SEC. 20. *Petitions for amendment.* Any person dissatisfied with any of the provisions of this order may request the Office of Price Administration to amend the order. Such petition for amendment must be filed in pursuance of the provisions of Revised Procedural Regulation No. 1, except that the petition for amendment shall be directed to, filed with, and acted upon by the District Director of the Roanoke (Virginia) District Office.

#### MILK IN SUBURBAN CHICAGO, ILL., MARKETING AREA

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1351.408 (b) of Maximum Price Regulation No. 329, *It is ordered*, That Revised Order No. G-43 under Maximum Price Regulation No. 329 be redesignated as Second Revised Order No. G-43 under Maximum Price Regulation No. 329 and that it be revised and amended to read as follows:

(a) *Maximum producer prices.* The maximum price for milk which is sold or disposed of as Class I milk which purchasers whose plants or distributing stations are located in or who sell or dispose of such milk in the Suburban Chicago, Illinois, Marketing Area may pay to producers, shall be the minimum producer price for milk established under Order No. 69 issued July 20, 1944, by the War Food Administration pursuant to the Agricultural Marketing Agreement Act of 1937, as amended.

(b) *Addition of transportation or premium.* (1) The maximum price established by Paragraph (a) of this order is the maximum price for milk f. o. b. purchaser's plant. Where the transportation charge or any part thereof is paid by the purchaser, the total amount paid for transportation, plus the amount received by the producer, shall not exceed the price set forth in Paragraph (a) of this order except:

From such "cost of transportation" there may be deducted by purchasers whose plants or distributing stations are located in the Calumet Marketing Area not more than 7¢ per cwt. where the "cost of transportation" is 25¢ per cwt. or less, or not more than 8½¢ per cwt. where the "cost of transportation" exceeds 25¢ per cwt. The application shall be filed in duplicate; shall set forth the name of the applicant; the address or addresses of his plant or distributing stations; the amount customarily paid as a premium for "high butterfat milk;" the names of the persons to whom the premium was paid; the amount of the premium and such other information as may be required by the Regional Administrator. A purchaser who has applied for a premium to be paid for "high butterfat milk" over and above the maximum prices provided for by this order may not pay such premium until it has been approved by the Regional Administrator or of the Chicago Regional Office of the

Office of Price Administration. The Regional Administrator may at any time by order approve, disapprove or revise premiums for "high butterfat milk" applied for or established under this paragraph (3)

(c) *Definitions.* (1) Unless the context otherwise requires, the definitions set forth in § 1351.404 of Maximum Price Regulation No. 329 and section 304 of the Emergency Price Control Act of 1942, as amended, shall be applicable to the terms used herein.

Notice is hereby given that a joint declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Consolidated Electric and Gas Company ("Consolidated") a registered holding company, and the four above-named subsidiaries thereof.

Notice is further given that any interested person may, not later than the 29th day of January, 1945 at 5:30 p. m., e. w. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or require that he be notified if the Commission should order a hearing thereon; at any time thereafter, such joint declaration, as filed or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania.

All interested persons are referred to said joint declaration, which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Consolidated, among other things, presently owns all of the outstanding securities of Roanoke Railway and Electric Company ("Roanoke"), consisting of 5000 shares of common stock, par value \$100 per share, and a demand note dated January 1, 1935 in the aggregate principal amount of \$1,839,000, and all of the outstanding securities of The Islands Gas and Electric Company ("Islands") consisting of 100,000 shares of common stock, par value \$1 per share, 50,000 shares of \$7 Cumulative Preferred Stock, par value \$1 per share, and \$1,543,500 aggregate principal amount 10-Year 4% Secured Bonds, due March 1, 1953. Islands, among other things, owns all of the outstanding securities of Compagnie d'Eclairage Electrique des Villes de Port au Prince et du Cap Haitien ("Haiti") and Compania Electrica de Santo Domingo C. Por A. ("Santa Domingo"). Among Islands' security holdings of Haiti and Santo Domingo are demand notes aggregating \$314,000 principal amount and \$1,832,503.02 principal amount, respectively. These demand notes are presently pledged with the Trustee securing Islands' 10-Year notes owned by Consolidated.

Roanoke proposes to pay to Consolidated not to exceed \$300,000 in cash as payment on the principal amount of the note of Roanoke owned by Consolidated. Haiti and Santo Domingo propose to make payments not exceeding \$100,000 and \$250,000, respectively, to Islands as reductions in the demand notes of these companies owned by Islands. The funds received by Islands from Haiti and Santo Domingo are to be deposited with the Trustee under the Indenture securing Islands' notes and said Trustee will apply the funds to the retirement of a like principal amount of the notes of Islands held by Consolidated. Upon the consummation of these payments, Consolidated will have received, directly from Roanoke and indirectly from Haiti and Santo Domingo, an aggregate of not to exceed \$650,000 in cash.
